

GLOBAL AQUA STANDARD COLOURS

THE GLOBAL
TEXTILE CHEMICALS

GLOBAL AQUA STANDARD COLOURS is a premium water-based ink from the GLOBAL AQUA SERIES, specially formulated for textile screen printing applications. It is made from PVC and Phthalate free acrylic polymer, offering an environmentally friendly and safe option for printing on garments. This ink provides excellent wet-on-wet printing characteristics and boasts high storage stability, making it ideal for continuous production runs. It forms a flexible ink film that retains the fabric's softness without hardening, ensuring a comfortable feel. The ink delivers strong opacity even on dark garments and has good wash fastness, maintaining print quality after multiple washes. It is very user-friendly and easy to clean with water, making post-print maintenance simple. The ink is ready to use directly from the container, but a small amount of reducer can be added to adjust viscosity if needed. For best results, curing should be done at 160°C for 3 minutes. Proper storage between 65°F and 95°F (18°C - 35°C) is essential, and the container must be kept tightly sealed to avoid drying or contamination. The product has a shelf life of one year from its manufacturing date.

- GL 6589 GLOBAL AQUA WHITE
- GL 6580 GLOBAL AQUA BLACK
- GL 6584 GLOBAL AQUA GOLDEN YELLOW
- GL 6588 GLOBAL AQUA LEMON
- GL 6009 GLOBAL AQUA ORANGE
- GL 6003 GLOBAL AQUA MAROON
- GL 6004 GLOBAL AQUA SCARLET (RED)

- GL 6005 GLOBAL AQUA GREEN
- GL 6012 GLOBAL AQUA ROYAL BLUE
- GL 6023 GLOBAL AQUA VIOLET
- GL 6024 GLOBAL AQUA BRIGHT RED
- GL 6025 GLOBAL AQUA MAGENTA
- GL 6026 GLOBAL AQUA NAVY
- GL 6027 GLOBAL AQUA TURQUOISE BLUE

IDEAL FABRIC

100 % cotton or polyester blends

STORAGE

In cool dry and properly closed
(18°C to 35°C)

ADDITIVES

If needed add aqua Reducer 3%

CLEAN UP

Wash off screen using water and mild detergent

CURING

160°C for 3 minutes

MESH

It is dependent on flake size

APPLICATION

Direct color without any modification

SQUEEGEE & STENCIL

It depends on flakes size,
65-75 durometer sharp edge
